

MILLENNIUM SECURITY LLC

Service-Disabled Veteran-Owned Small Business (SDVOSB)

Construction Site Security & Access Control | Hawaii & Pacific-Region

UEI: DDU4NQW52MQ8

CAGE Code: 13AS3

Primary NAICS: 236220

COMPANY OVERVIEW

Millennium Security provides construction site security and access control services for federal, commercial, and infrastructure projects. Backed by military and law enforcement leadership, the company delivers disciplined, mission-focused operations that ensure site safety, control risk, and support efficient project execution.

CORE CAPABILITIES

Construction Site Security and Access Control

- Construction site security, access control, and entry management
- Security support for active construction environments, including restricted area escort services
- Coordination and access control within multi-contractor project sites

Security Operations

- Armed and unarmed guard services
- Patrol services and real-time site monitoring
- Incident response, reporting, and documentation

KEY DIFFERENTIATORS

- SDVOSB with military and law enforcement leadership
- 20+ years of continuous security operations, including federal support
- Proven performance in construction and infrastructure environments
- Integrated construction site security and access control
- Pacific-region presence with remote operations capability
- Reliable, mission-focused execution with strong client satisfaction

RELEVANT EXPERIENCE AND PAST PERFORMANCE

- **America Samoa – Active Security Operations Contract, 2006 to present.** Provide ongoing site security, access control, and operational support for infrastructure and construction-related activities in a remote environment.
- **Department of Veterans Affairs Security Operations (10+ Years, Completed), 2016 to 2026.** Delivered long-terms security services supporting facility operations, access control, and incident management in a federal healthcare environment.
- **Hawaii and Pacific Security Operations (Completed), 2006 to 2014.** Supported multi-site security operations across commercial and government environments, ensuring compliance, safety, and operational continuity.

CLIENTS SUPPORTED

Hawaii Department of Defense (National Guard); Hawaii Department of Transportation – Harbors; Hawaii Department of Education; Oahu Transit Services; and Construction contractors including Nordic Construction and Ledcor

STRATEGIC PARTNERSHIP

Mentor-Protégé (pending SBA approval) with Eastern Contractors Corporation, strengthening construction support and federal contracting capability.
